

Multiflex Circular Cutter Plus

Cutting tool for the cutting of circular holes by WAS with the possibility of gripping and extracting the part out of the body.

EOD / IEDD

Working area (cutting diameter without cone)	20-150 mm (0.79-5.91 inch)
Adjustable range: - vertical bending range - vertical linear range	+80° to -45° (=125°) 200 mm (7.87 inch)
Axis	rotation, z-axis, gripper
Drive	hydraulic
Material	aluminium, stainless steel, brass, plastic
Traverse speed	10-300 mm (0.39-11.81 inch)/min (depending on the cutting diameter)
Weight	app. 40 kg (88.18 lb)
Size (L x W x H)	900 x 800 x 900 mm (35.43 x 31.5 x 35.43 inch)
Nozzle holder with fixed diameter	different diameters available
