## OPERATIONAL PARAMETERS

	IMPERIAL	METRIC
Smallest API pipe / casing / multistring	7 in	-
Smallest inner casing bore	5.8 in	147 mm
Standard Nozzle Holders for casing	7 in	-
Weight	242 lb	110 kg
Overall length	106 in	2.692 m
Underwater working depth	< 500 ft	< 152 m
Degrees per hour	39.5 - 395 °/h	39,5 - 395 °/h
Max. cutting depth	20 in	508 mm
Drive	Hydraulic driven & endless rotation	Hydraulic driven & endless rotation
Directives	Machinery Directive 2006/42/EC ATEX Directive 2014/34/EU (Optional, Zone 2)	Machinery Directive 2006/42/EC ATEX Directive 2014/34/EU (Optional, Zone 2)
